

Pretzel S'mores (an ImEating2Live recipe)

Stuffs:

- pretzel crisps (flat pretzel chips, I used gluten-free)
- marshmallows
- flat chocolate bar (like Hershey's)

Steps:

1. Put however many pretzel crisps you are using down on a plate.
2. Place 2 squares of chocolate on each pretzel crisp.
3. Using a skewer or a marshmallow roaster, roast your marshmallow over a medium fire. I just used my stove for this. You want it to be golden on the outside and warm and squishy on the inside, NOT burnt on the outside and hard on the inside.
4. Now place your warm, squishy marshmallow on your chocolate and pretzel crisp and add another pretzel to the top.
5. Allow your pretzel s'mores to sit a couple minutes so the marshmallow can melt your chocolate some.
